28217
To Register: 704-527-4979

Presented By:

Patti O'Dell, NCBTM
NC LMBT #6160
Approved continuing
education provider

Reflexology involves stimulation of the nervous, vascular and lymphatic systems, as well as the subtle energy currents within the body. These actions can reduce pain, improve circulation, bolster immunity and provide a sense of balance, relaxation, and well-being.

Participants will be introduced to the principles and practice of Reflexology with the added benefit of incorporating hot stones into the treatment.

2009 Class Dates

April 25 & 26: 9:00-5:00
October 10&11: 9:00-5:00

13 CEs \$260.00
